## IFFCO IBERIA

### Granada, Spain

IFFCO IBERIA, SLU includes the latest olive oil production technologies. It is placed in Spain, the largest olive oil producer in the world with more than 50% of worldwide production. It started up in 2020 and today is an environmental reference thanks to its own photovoltaic plant, which allows using 85% of green energy in the olive oil bottling process.

COGIA has successfully passed the most rigorous audits and obtained the most important quality certifications, including IFS, BRC, Halal, Kosher, Organic USDA and Ecocert. Similarly, IFFCO Iberia has obtained an equally impressive range of certifications, including IFS, BRC, Halal, Kosher and Organic CAAE, through its meticulous control of quality parameters and olive oil purity.

# VIRGIN OLIVE OIL

Rahma Virgin Olive Oil is characterized by its subtle, pleasant flavor, with little to no bitterness or pungency, making it ideal for those who prefer a lighter oil.

Like Extra Virgin Olive Oil, it is cold pressed, although it may come from slightly less ripe olives or undergo a process that preserves fewer polyphenols. It offers a naturally mild flavor that is perfect for those seeking a lighter oil without sacrificing quality.

OLIVE OIL OBTAINED DIRECTLY FROM OLIVES AND SOLELY BY MECHANICAL MEANS.
